

Jasen L. Dill – *Risk Management and Financial Management Expertise – with an emphasis on Process Improvement and Automation*

Hello fellow neighbors! For those of you that don't know me, my name is Jasen Dill and my family and I moved in to Bentwater during the middle of the Pandemic in 2020. My family consists of my wife Laura, and our 3 kids (Andrea, our 23 year old recent graduate from Texas State; Italy, our vivacious 16 year old Montgomery High School Belle; and Jaxsen, our remarkable 9 year old Tae Kwon Do Black Belt).

As we approach the culmination of our third year in this vibrant community we call home, I find myself drawn to the prospect of serving on the board. I would be honored to have the ability to contribute fresh ideas and perspectives to the community. In doing so, I remain committed to upholding the mission, vision, and values that have made Bentwater an esteemed community in which to live.

The passage of time has allowed us to not only witness the growth of our neighborhood but also to establish connections with a multitude of neighbors. I anticipate the opportunity to foster deeper connections and contribute meaningfully to our collective journey. Drawing from my professional background in Risk Management, Financials, and Process Improvement, I am eager to offer my acquired skills for the betterment of our community.

With enthusiasm and a genuine desire to enhance the lives of all residents, I humbly express my intent to serve our neighborhood. Together, we can continue nurturing growth and improvements within Bentwater, making it an even more remarkable place to call home.
